July— September 2018

National Recovery Month

(SEPTEMBER 2018) National Recovery Month is a national observance held every September to educate Americans that substance use treatment and mental health services can enable those with a mental and/or substance use disorder to live a healthy and rewarding life.

Recovery Month provides a vehicle for everyone to celebrate these accomplishments. Each September, tens of thousands of prevention, treatment, and recovery programs and facilities around the country celebrate Recovery Month. The observance reinforces the positive message that behavioral health is essential to overall health, prevention works, treatment is effective, and people can and do recover.

Recovery Proclamation in City of Salinas was received by Sun Street Centers' Men's Residential Program, STEPS Student Youth Leaders, and Sobering Center

In this issue:

- Community Education
- Beach Clean-Up
- DUI Checkpoint
- PARTS Member
- International Overdose Awareness Day
- Community Bulleting

STEPS Gateway Drug Presentation at CSUMB

Beach Clean-Up

STEPS Student Youth Leaders conducted a Beach Clean-Up to prevent drug and alcohol exposure among children. Students picked up cigarette butts, alcohol containers/ packaging, and trash.

DUI Checkpoint

The Salinas Police Department, one of our PARTS Coalition partners, held a DUI Checkpoint in the City of Salinas in August. Our STEPS Student Youth Leaders had the opportunity to support the police department in their effort to prevent and reduce alcohol related traffic injuries and fatalities. STEPS shared information and statistics on Drunk and Drugged Driving with the community through poster signage.

PARTS Members

Segundo Vigo, Salinas "I have been a member of the PARTS Coalition since June 2013. I was looking for a job and a partner agency, Community Action Partnership (CAP), suggested to go to Sun Street Centers. Once I was invited to the PARTS Coalition, I haven't stopped attending. I like the Dynamic that Sun Street Centers has in holding monthly meetings, listening to the point of view of its members, involving other coalition members, and participating in other community events."

Segundo with STEPS at 1st Annual Youth Driven Violence Prevention Conference.

International Overdose Awareness Day aims to raise awareness of overdose and reduce the stigma of a drug-related death. International Overdose Awareness Day acknowledges the grief felt by families and friends remembering those who have died or suffered permanent injury due to drug overdose.

STEPS Student Youth Leaders helped put together a wall with information about different forms of overdose. Also, they created posters with statistics about overdose to inform the community about misuse and warning signs.
