FOR IMMEDIATE RELEASE

Sun Street Centers Reopens Women's Residential and Perinatal Recovery Program Monday June 8th in Hollister, CA

Hollister, CA (June 5, 2020) — Sun Street Centers announces it has reopened the doors to its Women's Residential and Perinatal Recovery Program in Hollister, CA on June 8, 2020. This state-licensed recovery program located in Downtown Hollister provides a supportive environment for single women and women with small children seeking a life free from the devastating effects of drug and alcohol addiction. Certified counselors and recovery participants incorporate the principles of Social Model recovery, which utilize a peer-oriented, mutual help system that views the participant as a student, not a patient. Residents attend 12-step meetings, get a sponsor, and take personal responsibility for their own recovery. Sun Street Centers accepts Medi-Cal, most private health insurance, private pay and receives all types of client referrals.

In addition, Sun Street Centers continues to run two other programs in Hollister -the women's sober living environment (SLE) for single women and mom's with small children, and the men's sober living environment. These are aftercare programs for women and men who have completed a drug and alcohol program or are enrolled in outpatient treatment.

Sun Street Centers serves over 14,000 people a year in alcohol and drug prevention, treatment and recovery services. "Sun Street Centers is committed to women in need in San Benito County, to our alumni, who serve as role models, and to our amazing staff" stated President, Valerie Smith. For more information please contact Tish Peck, Site Manager in Hollister at (831) 265-7317.
