

2021-2022 GRATITUDE REPORT

THANK YOU FRIENDS!

As we prepare this year's Gratitude Report, we are making plans for our 55th Anniversary in 2023! I often sense our founders, Martin and Nancy Dodd, watching over us, but especially now, as their dreams for the future continue to be realized. This year we opened a treatment program in San Luis Obispo. Next year we break ground on our new Salinas Recovery Center at 284 Calle Cebu. This is a \$4.4 Million project, and we are more than halfway there. With a little more help from our friends, our hard-working Board of Directors hopes to have all the funding in place to start construction in April 2023. As you read the enclosed report, know that there are hundreds of grateful families living meaningful and healthy lives thanks to your efforts!
